

REMARKS

In the Office action mailed May 30, 2006, the Office mailed a Restriction Requirement, requiring restriction of this application to one of two groups, which the Examiner defined as follows:

- I. Claims 1-49 and 54 drawn to a method of inserting an access point identifier into a mobile registration message, classified in class 455, subclass 435.1.
- II. Claims 50-53, drawn to a system for using an access point identifier to provide location based service, classified in class 455, subclass 456.1.

In compliance with MPEP Section 818, Applicant elects group I (Claims 1-49 and 54) without prejudice. Applicant reserves the right to pursue the subject matter of claims 50-53 in a divisional application.

CONCLUSION

If, in the opinion of the Examiner, a telephone conference would expedite the prosecution of this application, the Examiner is invited to call the undersigned attorney, at 312-913-3305.

Respectfully submitted,
